DRAG AND DROP TEMPLATE

The Drag and drop template allows authors to create activities where two or more elements need to be associated to make logical connections. The learners have to drag a text or an image and drop it in the corresponding drop zones.

Tips

- Make sure to define from the start the size of the task (**Task size from Step 1**). If you modify afterwards the size, the Drag and Drop zones or other content added in Step 2, will be will be repositioned and must be arranged again.
 - Always fill in the *Alternative text* for images to allow screen readers to view the content.
 - All the **Drag zones** of text or images must have selected all the **Drop zones**.
- A **Drop zone** must have only one **Drag zone**.
- When defining a **Drop zone** always activate the following options:
 - This drop zone can contain only one element.
 - Enable auto-align.
 - On **Behavioural settings** always have activated the option **Enable Full Screen**, to allow the activity to be displayed properly on mobile devices.
